Would you like to be more physically active, but you're not sure where to start? How can you find out more about what's going on in your local area? The 'Let's Make Falkirk More Active' group have developed a Physical Activity guide for Denny and District. On one side is an A2 sized map showing the local sports facilities, community centres, outdoor spaces and much more. You'll be surprised what's available so close to you! The reverse of the map provides more details about organisations in Denny providing opportunities & guidelines for physical activities for all ages and interests, and more!
